

Welcome! The ASE Entry-Level Certification Program (formerly ASE Student Certification) has had significant enhancements for the 2018-19 academic year.

Here are the highlights:

- **Revised retest policy** that will allow a student one retake attempt per assigned test after 30 days.
- **Expanded testing flexibility** eliminating the two testing windows provides schools and instructors flexibility as we approach year-round test availability.
- **Enhanced certificate** – that better aligns with the ASE brand and more clearly identifies the progression of ASE professional certification.
- **Digital badges** – provide a portable third-party validation of the entry-level credential.
- **Preferred pricing** for schools with programs accredited by ASE.
- **Site licenses** – provide discounts off the individual seat (student) price for block/bulk purchases.
- **Fresh, new user interface** to make interaction more intuitive for users.

We invite you to explore our new website and learn more. Thanks for your interest in the ASE Entry-Level Certification Program. We hope you find these improvements helpful. If you have questions or need additional assistance, please call 800-362-0544.
